LOCAL FLAVOR

- Hickory Nut Gap produces the highest-quality meats and offers farm tours to the public. They also supply pork products for the Inn's restaurants.
- WNC Farmers Market offers local products grown and created in Asheville. We choose from the very best to sell in The Marketplace.
- French Broad Chocolate Factory opens a magical world of chocolate right here in Asheville! A local favorite with tours + tastings that we sell here at the Inn!

DID YOU KNOW...?

- Charles Feltman, a German-American Baker, invented the hot dog at Coney Island around 1867.
- Popcorn explodes because each kernel has a perfect drop of water inside it. Your microwave quickly raises that water to the steaming point, and the pressure of the steam rips open the hull and inflates the starchy mush inside.
- Ripe cranberries will bounce like rubber balls.
- The average strawberry has about 200 seeds on it. Each seed that grows into a plant can produce about 24 large strawberries every year.
