LOCAL FLAVOR

- Charlotte is the pimento cheese capitol of the world! Ruth's Salads is now the top pimento cheese producer in the country, and makes 45,000 pounds per week of the tasty Southern spread!
- North Carolina is the largest producer of sweet potatoes in the nation. So much so, that the sweet potato became the state vegetable of North Carolina
- In 1799, a young boy named Conrad Reed, playing in a creek 25 miles east of the city, picked up a 17-pound rock that glittered. His parents then used it for a doorstep until a sharp-eyed merchant offered them \$3.50 cash for it. It was the first piece of gold ever discovered in North America.

DID YOU KNOW...?

- Popcorn explodes because each kernel has a perfect drop of water inside it. Your microwave quickly raises that water to the steaming point, and the pressure of the steam rips open the hull and inflates the starchy mush inside.
- The average strawberry has about 200 seeds on it. Each seed that grows into a plant can produce about 24 large strawberries every year.
- Ripe cranberries will bounce like rubber balls.
- Charles Feltman, a German-American Baker, invented the hot dog at Coney Island around 1867.
