LOCAL FLAVOR

- The West Loop, River North, Pilsen, Lincoln Park, Lakeview, Wicker Park, Bucktown and Logan Square are local Chicago neighborhoods for food lovers.
- Mighty Vine Tomatoes uses a 30 acre glasshouse located just outside of Chicagoland in Rochelle, IL. Nearly 30-feet high and covering over 20 football fields, the structure uses diffused glass and radiated heat, keeping their tomatoes at a perfect temperature to create great-tasting tomatoes year-round.
- Chicago is famous for its Chicago Barbecue. The most iconic is the Delta-style rib tips from the South Side. To meet the city's fire codes, South Side pitmasters created the aquarium pit, due to its resemblance to a 50-gallon fish tank. Tempered glass surrounds the cooking area and a lid carries smoke out of the kitchen and up through a chimney. Logs and water control the oxygen and smoke levels at ground-level doors.

DID YOU KNOW...?

- Honey is the only edible food that never goes bad.
- The average American kid will eat 1,500 peanut butter & jelly sandwiches before graduating high school.
- Apples & cherries are members of the rose family.
- The largest tomato weighed 3.51kg (7lb 12oz) according to ٠ the Guinness Book of World Records. That is as heavy as eight cans of Coke and weighs almost as much as two 2-litre bottles of soda.
