

The casino building at The Omni Homestead Resort in Hot Springs, Virginia, has a rich history dating back to the late 19th century. It was originally constructed in 1892 and served as a recreational facility for guests of the resort.

During its early years, the casino building hosted various social events, making it a popular destination for the elite of the time. The casino itself did not have gambling in the modern sense, but rather, offered games of chance and skill for entertainment.

It remains an integral part of The Omni Homestead Resort's legacy, showcasing the resort's commitment to preserving its rich history. Welcome to Pioneer Picnic.
