

ELEMENTS OF DRINK DESIGN

Much like a well-designed object, a well-crafted cocktail takes into account the contributions of each element and how they play against each other. Balance and tension, comfort and elevation, the nuances of technique and ingredient make each cocktail unique.

COMMUNITY

Appleton Estate Rum: In 1997, Dr. Joy Spence became the first woman appointed master blender in the industry, an amazing milestone for women across the world!

Woodford Reserve Bourbon: Woodford Reserve works closely with Old Friend Farms, where racing thoroughbreds are sent to retire and raise awareness of the importance of equine aftercare.

SUSTAINABILITY

Patrón Tequila: Patrón was the first distillery to install a natural gas pipeline, which acts as its main energy source and helps reduce CO2 emissions in the atmosphere.

Absolut Vodka: For the past four years, Absolut has been using so-called waste spirits to reduce use of liquefied propane gas (LPG) to generate energy at their Nöbbelöv distillery.

Seedlip: Seedlip is a 1% for the Planet member, giving 1% of global annual revenues to environmental charities dedicated to celebrating and protecting the planet.
